

Registration Fee

\$45+gst per dancer / \$100+gst for Families of 3+ Dancers

A non-refundable annual registration fee is required for all dancers enrolled in our full-year program. This secures your spot in class(es) and helps cover administrative costs. The fee is processed once your registration is reviewed. *No registration fee for session classes.*

Full Year Program Tuition

Tuition is split into 10 equal monthly payments, withdrawn automatically on the 1st of each month from September 2026 to June 2027. Each dancer receives a minimum of 33 classes per season, regardless of holiday closures or class day.

Payments are not based on the number of classes per calendar month. No matter what day of the week your class is, by the end of the season your dancer will have received a minimum 33 classes that you have paid for.

Session Classes

Throughout the year, we offer shorter dance sessions for dancers ages 1.5 to 6, as well as adult classes! These 8-12 week sessions provide a fun and easy introduction to dance - no registration fee, no required dance attire, and no recital costume costs. Session Class tuition is processed at the time of registration. *Session classes are non-refundable once the classes begin.* Click here for class description, schedule and price list:

We don't require deposits, costume fees up front, or first and last month's tuition in advance. We believe in keeping things simple, transparent, and fair for families.

Unlimited Dancer Tuition

\$410+gst per dancer, per month

\$1000+gst for Families of 3+ Dancers, per month

For our most committed dancers, we offer the Unlimited Dancer Tuition. Designed to reward passion, dedication, and drive. Once your monthly tuition reaches \$410, it's capped. That means you can take as many eligible classes as you'd like beyond that point at no additional cost. Plus, dancers on this package may also take classes in addition to their placement, schedule permitting. It's our way of encouraging serious dancers to push themselves, grow in multiple styles, and become the most well-rounded performers they can be, without worrying about rising costs.

Competition Team

Being a part of "Team Diversity" is an exciting way to take your dance training to the next level. At Diversity, we believe that becoming a part of a competitive team can be a positive, confident building and exciting experience for all involved. To be eligible, dancers must consistently show a positive attitude, commitment and dedication to the art of dance. Dancers must also display above average effort and technical improvement in their regular classes. If your family is interested, please contact us for class requirements, time/financial commitments and more information.
